Good Samaritan Request for Central Valley School District, EN 145441. 19307 E Cataldo Ave, Spokane Washington 99016. The request is for FRN 2560304, 471 Application # 937602. The original service provider is EMAN NETWORKS, SPIN 143026476. REASON: The Service Provider is no longer operational as a fiber network provider and went out of business prior to getting the 2014 BEAR processed through no fault of the applicant. The SP did not file a SPAC for the 2014 e-rate year after numerous attempts to contact him were made by USAC, the district and myself. Online research shows he still has not complied with the requests.

I will be submitting an electronic file with the affidavit verifying EMAN NETWORKS has been bought out by Fat Beam, another fiber provider in the area. Fat Beam has agreed to act as a Good Samaritan and will be willing to sign off on a 472. Contact information is Kim Devlin 509-344-1008 or Kim@fatbeam.com (SPIN 143034664) In the past, AT&T acted as a GS. Their contact information is Linda Doyle, 311 West Washington Blvd Floor 16, Chicago, IL. 60606 (SPIN 143001192)

Because this has been an ongoing issue for many months, It should be noted that all applicant deadlines were originally met. We have been working closely with USAC personnel to get resolution.

All copies of invoices showing the applicant has paid for the services from July 1, 2014 to June 30, 2015 have been submitted via fax to 1-973-599-6539 on July 24, 2015(24 pages) and 2 additional warrants were emailed to Michael.Ciccone@solixinc.com on July 30, 2015.

Please let me know if there are questions or more information is needed.

Thank you,
